CALL TO ORDER

The meeting was convened at approximately 7:05 p.m. by Mr. MacMann

I. Lack of Signage, Obstruction of View at Great Plain Avenue and Warren Street, the corner next to 1st Baptist Church.

Mr. Levine presented his concern that due to cars parking from the corner at Great Plain to the driveway entrance on Warren Street, vehicles traveling north on Warren Street cannot see vehicles turning onto Warren Street from Great Plain Avenue. Mr. Levine presented a diagram of the intersection. It was pointed out by Mr. Kraemer that there is no parking for twenty (20) feet from the corner on Warren Street. However there is no signage advising of the no parking for this distance. A discussion was had by the guests and committee member. A motion was made by Mr. Kraemer and seconded that the Town Engineer should measure the distance from the driveway entrance to the 1st Baptist Church to the corner of Great Plain and Warren to determine how many parking spaces can be fit until the twenty (20) foot mark and that a "No Parking From Here To Corner" sign should be placed at the twenty (20) foot point or even further down Warren Street if a full parking space can't be fit after the twenty (20) foot point. The Motion was seconded. Further discussion was had. The Motion was called and passed unanimously.
