Re: Notification of Late Evening Aerosol Applications (Ultra Low Volume – ULV)

Please be advised that the Norfolk County Mosquito Control District will begin the **2016** late evening ULV aerosol applications **on or about May 31**, weather permitting.

May 31 through September 29, 2016 - Adulticide aerosol (ULV) applications.
(Conducted between sunset and midnight, Monday through Thursday)

If any resident wishes to know what day of the week spraying **may be** conducted in their town, they should go to the Districts website at <http://www.norfolkcountymosquito.org/service-request/>. After the ULV program begins, if an individual would like to see a map of areas to be treated, they should click on the following link, and then enter their address

Current late evening aerosol application schedule and maps
<http://www.norfolkcountymosquito.org/ServiceRequest.html>

Please note that the ULV map will be posted on or about 3:30 p.m. the day of the scheduled application. **Residents may also contact the following number 617-582-6216 after 3:30 P.M. the day of the scheduled treatment to receive information detailing the streets/areas to be treated in the town.**

The purpose of the adulticide application is to control nuisance and/or virus carrying adult mosquitoes. The control product being used is Zenivex (EPA Reg. No. 2724-807) applied in ultra-low volume (ULV) sprayers at a rate of approximately one half ounce per acre of finished spray.

Process to Exclude Property From Public Area Wide Pesticide Applications - State Regulation 333 CMR:13:03 provides a method for homeowners to exclude their property from public area-wide pesticide applications. For more information, please click on the following links:
