

Article 10

Town-Owned Land Surveys

- There are numerous parcels of land owned by the Town that have never been surveyed or for which surveys are incomplete.
- Having updated survey data is valuable to the Town in designing projects, responding to property ownership inquiries from residents and developers, and evaluating liability claims.
- This funding will allow the Town to conduct land surveys, including title research, field work, analysis, installation of bounds or markers, drafting work, and recording of completed plans.
- Areas scheduled to be surveyed in FY2024 include, but are not limited to, the Dedham Avenue parking lot, Vesta Park, and Hatfield Park.

The Select Board unanimously recommends adoption of this article.
