Toward these ends, Multi-family housing in the Multi-family Overlay District is permitted to exceed the density and dimensional requirements that normally apply in the underlying zoning district(s) provided that such development complies with the requirements of this Section 3.17.

3.17.2 Scope of Authority

In the Multi-family Overlay District, all requirements of the underlying district shall remain in effect except where the provisions of Section 3.17 provide an alternative to such requirements, in which case these provisions shall supersede. If an Applicant elects to develop Multi-family housing in accordance with Section 3.17, the provisions of the Multi-family Overlay District shall apply to such development. Notwithstanding anything contained herein to the contrary, where the provisions of the underlying

district are in conflict or inconsistent with the provisions of the Multi-family Overlay District, the terms of the Multi-family Overlay District shall apply.

If the applicant elects to proceed under the zoning provisions of the underlying district (meaning the applicable zoning absent any zoning overlay) or another overlay district, as applicable, the zoning bylaws applicable in such district shall control and the provisions of the Multi-family Overlay District shall not apply.
