

To: Zoning Board of Appeals

From: Lt. John Kraemer

Subject: Greendale Mews

Date: October 7, 2013

I have reviewed the several sets of plans with dates of 9/30/13 & 9/16/13. The Police Department still stands by its remarks dated May 14th 2013 in a memo to the Zoning Board of Appeals. This revised project redistributes the population into a different set of buildings and reduces the number of units from 300 to 268.

This project is located on Greendale Ave, a well traveled commuter roadway with a posted speed limit of 40 MPH

Traffic circulation is still problematic at the Broadmeadow Elementary School.

The crash data is the same as mentioned in the May 14th 2013 correspondence.

As for the calls for service to this facility we would look at the 300 Second Ave Charles River landing and as we have stated in our previous comments, we are on pace to exceed our estimate of 180 calls for service at that location.
